THOMAS R. DURNING SPENDS WEEKEND IN FORMER HOME CITY

Thomas R. Durning former Sierra Madre postmaster was the honor guest at a stag dinner last Friday at the home of Claude Karns, 161 North Adams. The men of the adult recreation group entertained Mr. Durning at dinner and cards.

Mr. Durning is promoting a Horse Shoe Tournament to be held later in the season. The San Gabriel Valley Association will compete with the Central California Association at Atascadero where Mr. Durning lives.

Mr. Durning remained in the city over the weekend to attend the Retreat at Mater Dolorosa.

Master Plan Of Streets Goes On View

A tentative master plan of streets this week was presented to the City Planning Commission and long-suffering property owners.

Although it was something the city had sought for 20 years or more, it was developed and prepared by City Engineer Howard W. Brod who has been on the city payroll only four months.

Brod emphasized that the plan was tentative. He said that it should be displayed in the Council chambers at the City Hall so that residents here can see it, study it and comment on it as it affects them personally.

He suggested that the city take advantage of its superb scenery—the mountains to the north and the valley view to the south.

The new streets should be planned to run principally east and west through presently undeveloped land so that houses can face north and south, he said.

Suggest Plan for Avoiding Hi-way

Change in routing of a proposed scenic major highway through the north section of Sierra Madre will be recommended to the County Regional Planning Commission.

The City Planning Commission at its meeting this week took up the recommendation of City Engineer Howard W. Brod and will pass it on to the county agency.

Brod pointed out that the city does not want a major highway cutting through its topside as proposed in the county master plan of highways. The highway is known as Alta Loma drive, and it is supposed to hug the foothill line from Altadena to Monrovia.

By routing the future highway down the extension of Rosemead boulevard to Foothill, the plan for Sierra Madre can be abandoned, Brod said.

The extension of Rosemead boulevard to Altadena was approved recently by the Board of Supervisors.

When it was brought out recently that the scenic highway which was first approved in 1929, would force the removal of many existing homes here, the city planners cried: "Impossible!"

The Commission had taken no action to seek a change in the plan, however, until Brod brought in his study and recommendation.

Everyone Gets Rap For Subdivision Lag

The City Planning Commission this week took the City Planning Commission to task for not producing requested recommendations for changes in the controversial subdivision ordinance.

Planning Commission turned around and pointed the finger at the city's realtors and the Chamber of Commerce, who a few months ago were crying for changes. The realtors and the Chamber were supposed to get a committee together and make recommendations for alterations.

But so far the complainants haven't followed through on their own complaints.

Mrs. May de Wright, president of the Planning Commission said that Realtor Harry Lange had been appointed chairman of a committee to study the subdivision ordinance which has caused many a row at recent planning meetings.

But so far Lange hasn't even appointed the committee which was to make the final recommendations, she said.

City Engineer Howard Brod, however, came through with a recommendation for a change. He said that the ordinance

FORMER RESIDENT DIES

Word has been received in Sierra Madre of the passing of a former resident, Mrs. C. E. Trimbel. Mrs. Trimbel aged 81 passed away at her home. The services were held yesterday.

She is survived by her husband. They lived in Sierra Madre about 20 years and later went to Pasadena.

Last Rites for Mrs. Mary Ward

Mrs. Irving Ward (Mary Nichols Ward), one of Sierra Madre's early and most colorful residents passed away last Tuesday after an illness of almost a year.

She was a poetess of note, and had made frequent contributions to the Los Angeles Times and many magazines. She was an artist with the brush as well as the pen and has many canvasses to her credit.

Mrs. Ward was active in literary circles through the Valley and was a member of the Arts Guild. She was a charter member of the Sierra Madre Woman's Club.

Mrs. Ward had studied music at the New York Conservatory of Music, but did not use this training professionally. She lived in Sierra Madre at 109 East Grandview. She was born in Naugatuck, Conn.

Services will be held for Mrs. Ward at Grant Chapel in Sierra Madre Thurs., today, 2:30 p. m. with the Reverend Carl Smith officiating.

Mrs. Ward is survived by three daughters, Beatrice Ward McIvor and Jessie Ward Russell of Sierra Madre, and Mrs. Marguerite Heidrich of Los Angeles, and one nephew, E. Waldo Ward of Sierra Madre. She had two grandchildren and one great grandchild.

Post Office Receipts Jump Again

Postal receipts showed an 11½ per cent increase in January of this year over the same month of last year, according to reports received from Postmaster Eddie Robertson. January totals for 1949 were \$5466.58 and the totals for January of 1948 were \$4832.31.

Red Cross Officials Start Plans for Annual Fund Drive

R. C. Lewis, chairman; Richard Lees, campaign fund chairman, and Mrs. Florence H. Peterson, executive secretary, of the local Red Cross Chapter, attended a regional meeting of the 1949 Fund Campaign in Los Angeles last Thursday. E. Roland Harriman, national chairman of the Fund Campaign, gave an analysis of the 1949 goal. His talk was both helpful and inspirational.

Plans for the local drive are well under way and captains of districts are being appointed. A Kick-Off Luncheon for the captains is being arranged and a rally for all workers has been set for February 23rd at the Sierra Madre Elementary School.

Cpl. Jack Hitchcock Hunts Tigers, Turkey And Wild Boar

Army Air Force Cpl. Jack W. Hitchcock, writes that he is temporarily stationed at Pito, Colombia. Pito, he reports, is surrounded by dense jungle, near the ocean, and five miles from a tribe of hostile Darien Indians.

Cpl. Hitchcock is with the Inter-American Geodetic Survey.

For recreation he says they go tiger, turkey and wild boar hunting, and the fishing is "perfect."

His parents are Mr. and Mrs. E. E. Hitchcock, 175 East Sierra Madre Blvd.

Former Resident Dies

Edwin C. Carhart, former resident of Sierra Madre, died last week at Sawtelle Hospital where he had been a patient for some time.

He had always maintained active interest in city affairs. He was the brother-in-law of George Latteau.

Push Plan for New Civic Center Here

BY ARTHUR HEWITT

The Planning Commission this week put the City Hall on the block for sale.

At least figuratively it did. But real estate men didn't seem anxious to take on the job of hunting up prospective buyers.

The Commission didn't end up selling the 20-year-old City Hall that isn't yet paid for, but it did recommend to the City Council that it "investigate the possibility of selling the present City Hall and buying the Nathan W. Tarr property for a new civic center."

The Tarr property under consideration is west of Hermosa avenue between Sierra Madre boulevard and West Montecito avenue. The corner at Sierra Madre boulevard and Hermosa is to be the site for the new city library.

It is proposed that the balance of the vacant property be purchased for the civic center development because it is

now the only property left for such a project.

The Planning Commission, at the insistence of Mrs. May de Wright, president, and Webster Vannier, secretary, is pushing the plan because of the fear that this property will soon be split and sold for other uses, thus leaving the city with its present cramped and inadequate facilities.

Vannier, who said, "We want to sell it and get out," all but auctioned off the place to the audience—Banker Al Morgan and Realtors Tony Loomis and John Osgood.

"If you get a buyer for this thing, maybe the City Council would do something," Vannier said in pointing up the nice commission the agent would make.

"If I got a buyer, you'd make me round off the curbs to a 20-foot radius," Osgood quipped, referring to a controversial requirement of the subdivision ordinance.

"Well, in Arcadia someone got a buyer for their city hall, and then the Council got busy," Vannier said. Arcadia sold its quarters for \$100,000 then bought 13 acres for \$39,000 and built up plans for a new Civic Center.

Mrs. de Wright said, "Once the Tarr property is sold we're

PE to File For Sierra Madre Rail Line Abandonment

Sierra Madre's rail line and seven others will have to give way to buses, the Pacific Electric company finally told the California Public Utilities Commission in a formal petition filed this week.

Besides the Sierra Madre line the following will be included in a petition for abandonment which will be filed sometime in the future:

Santa Ana, Newport Beach, Los Angeles-Baldwin Park, Pasadena Short Line, Pasadena Oak Knoll, Glendale and Venice Short Line.

The petition filed this week by the P. E. asked for permission to delay compliance with an order to relocate car stops (to the far side of street crossings) "pending outcome of applications TO BE filed for abandonment of rail passenger service on above designated lines."

A survey has indicated, the company said, that rail operations will be continued on the Los Angeles-Long Beach; Los Angeles-San Pedro, Los Angeles-Burbank-Glendale; Van Nuys and the Hollywood Boulevard lines.

Pacific Electric officials many times before have indicated that abandonment of many rail lines was being considered. But this is the first time that they have officially told the state commission that application would be made for removal of tracks.

Before any line may be abandoned, however, public hearings must be held by the Public Utilities Commission.

MORE FUNDS NEEDED IN POLIO DRIVE

The March of Dimes is to continue in Sierra Madre, announces the chairman of the drive, Mrs. Harold Pangborn. Southern California has been stricken too viciously by infantile paralysis the last six months to allow a quota to be short.

The booth will be in front of the Bank for this week and Mrs. Pangborn makes an urgent plea that donors send in their check as soon as possible.

To date, \$1404.91 has been turned in. The city's school children have sensed the threat of polio and have raised \$259.94. The schools are St. Rita, Ascension and the public school. The school fund received a boost of \$47.37 from The Emmanuel Methodist Church of Pasadena when Mrs. Chas. Rizzo talked last week before the group and projected the film "Accent on Use." Louise Annas, a polio case of this year in Sierra Madre, attends Sunday School at this church.

City Council Looks For Engineer

The City Council this week was looking for a city engineer and technical advisor.

Howard W. Brod, who has served as engineer here, submitted his resignation, effective March 1, to the city fathers after he was named as city manager of San Carlos (population: 12,000) in the northern part of the state.

The City Council of San Carlos (near Redwood City) picked Brod as city manager from a long list of candidates.

Brod has been city engineer here about four months. He was in charge of all technical aspects of city operation.

His salary here was established at \$425 a month. San Carlos will pay him \$600 a month under a year's contract.

Councilman Herman Barter said that Brod had given Sierra Madre invaluable service and that the job would be difficult to fill.

Plan Increase in Play Time With County Funds

A program for increasing after-school recreation by 57 per cent in Sierra Madre was laid out in a letter sent this week by the School Board and the Recreation Commission to County Manager Wayne Allen.

The outline for increasing facilities here pointed out that 785 additional hours of out-of-school activities would be provided. This program was prepared in applying for a contract under which the county would foot the bill for the increased play time.

It was worked out by the Recreation Commission and the School Board following a conference two weeks ago with Allen. At that time Recreation

Commission President Al Morgan, Councilman William Kinney and School Trustee Howell White Jr. worked over details of the proposed contract with the county manager.

According to the letter written by White for the School Board, the additional cost of the program will amount to \$1165. Of this amount, the county would pay \$1162.

The money the county would pay into the recreation fund represents one-quarter of the total recreation expenditure. It would come from funds appropriated by the Board of Supervisors for keeping school grounds open after school hours.

County Manager Allen said that the negotiations with Sierra Madre would be used as a model for negotiations with other small school districts. So far, only Los Angeles and Pasadena have been granted county funds.

White's letter said: "The Recreation Commission for 1948-49 has had an allocation from the city of \$3500. In addition to this amount, however, the School District is expending an additional \$1150 for recreational purposes—\$400 allocated for treatment and maintenance of playgrounds and \$250 for after-school supervision of play plus the sum of

Police Find City Clerk's Lost Car

City Clerk Lawrence Brain parked his car in front of the V. F. W. Hall last week's Wednesday. He looked for it about midnight, but couldn't find it. While he went home to get complete information for identification of the car, police found it at Canon and Grandview. There was no apparent damage. Someone had just borrowed it to go home.

SIERRA MADREANS OFFICERS AT WILSON SCHOOL

By CARLTON PETERSON

Tom Henze, Sierra Madre boy, was elected Student-Body President of Wilson Junior High last week. This will be Tom's second time to serve on the student cabinet. He did a swell job as Boy's Activities Commissioner last semester.

He was President of the Sierra Madre Grammar school two years ago in the eighth grade and captain of the football team. He has been very prominent in sports while at Wilson and is well liked by both teachers and students.

Don Bohler from Pasadena was Tom's only opponent for the office.

Shirlee Peterson, one of Sierra Madre's young ladies, was chosen as Girl's Activities Commissioner in the preliminary election. Shirlee was President of her ninth grade class last year and Vice-president of the Sierra Madre school at the same time Tom was President.

Marilyn Iffrig and Diane Armstrong, both Sierra Madreans, ran for office but didn't make it. Both girls, however, were chosen by the students to run in the final election and appeared at the nominating assembly. Marilyn was striving for the office of Thrift and Hospitality Commissioner, and Diane for Ninth Grade Judge.

cans, but he insists on taking the can home with him. Two evenings in a row, the animal struggled home with the can then, on another occasion dropped it off at a near neighbor. Chunn informed the station that the dog will have a harder struggle next time. The can will be tied to a telegraph pole from now on.

Found license plate, fire permits, lost keys, etc, etc, etc. . . A boy and a dog were seen by Copper Heasley as he rolled along W. S. M. Blvd. Comin' along toward darkness. Looked like a stranger to Jim. Questioning revealed that the boy had followed the dog, but from regions unknown. It took the station a long time to call all the police and sheriffs around the country before it was learned that his home was in the City of San Gabriel. The boy, gave his name as Frankie De Lasandro of 10014 Gladys. He could give no city. He is less than six years of age. Leading a collection, Chief McMillan saw that the little fellow was fed a hearty sandwich. He immediately offered his dog half of it. After locating his mother, she appeared later at the station for him. 'Twas long after dark. She stated that he had left for school in the morning and evidently had been walking ever since. Strange part of this story is that the dog does not belong to him. (His mother had never seen the dog before.) He loves it and we hope he can keep it.

Police don't always escape collision. Officer Mackie was unable to back away fast enough from an oncoming car. Result, damaged cars, both of 'em. A ten-year-old boy with vicious ideas, threatened to do harm to an elderly woman, if she failed to give him "ten cents." . . Boys shooting birds. . . Malicious mischief at the cemetery. Boys upset headstones. Rounded up and called to the police station. . . Boys in the very edge of the brush area start a fire under an evergreen hedge. Adults discover it in time to prevent spread. . . A man entered a house and fate probably prevented suicide. Owners entered unexpectedly and found a man under a blanket and a gas hose leading to him. The house was filled with the odor of gas. A short time and so on.

The Hand Which Gives Aid to All Is Now Extended to You—Give Your Dimes!

Your dimes and dollars are needed now. No one knows better than the people of Los Angeles County the human suffering and fear and expense that comes with polio.

An epidemic that taxed the public and private facilities of the county started last summer and continued all through the fall. Usually the infantile paralysis case load falls off with the coming of cold weather. But the disease ignored the winter, and even now it is still with us.

The nation is asked for voluntary contributions to the anti-polio fund. This drive is the March of Dimes.

Here in Sierra Madre the drive is being pressed by the Civic Club with the cooperation of the city's organizations of women.

The goal here is a modest \$2000 which will go toward filling the county's total of \$1,500,000.

Remember: The National Foundation for Infantile Paralysis during the past epidemic spent in Los Angeles County for nurses, iron lungs, post-polio patient care and other items more than twice what was raised in the county last year.

Polio care is expensive. One patient seriously afflicted needs care that costs a minimum of \$2000. The city is asked to care for that patient.

Remember: Sierra Madre had three polio cases during the past year.

Send your dimes and dollars to the Sierra Madre Bank care of POLIO FUND.

Aside to Parents: Children Riding Bicycles On Streets are Hazards to Themselves

SLIPPERY WHEN WET signs are posted along the streets as a deterrent to motorists.

But too often children on bicycles rely on fairy godfathers, such as Barnaby's, or some other myth of childhood faith for protection.

Here in Sierra Madre there have been several "very close calls" involving bicycling children on wet pavements.

Advice after an accident involving a child would be akin to the farmer and his barn door.

So, as an aside to parents, we ask that mothers and fathers assume responsibility and exercise caution on their children's behalf. It might be well to hold bicycles in escrow during wet weather—at least so far as bicycling in the downtown area goes.

Legion Auxiliary Meeting at Miller Home Next Week

Mrs. Oscar Willumsen and Mrs. Roy Pickett entertained the members of the American Legion Auxiliary on Thursday evening at the Willumsen home. The evening's entertainment was "Hearts" followed by a dainty buffet lunch. The date of the Auxiliary's birthday party has been changed to Tuesday evening, Feb. 22nd at the home of Mrs. Harold Roberts with Ora Olsen as co-hostess. The monthly business meeting will be on February 10th at the home of Mrs. Val Miller, San Gabriel Court.

P. T. A. Plans

The P.T.A. Board will hold its next monthly meeting Thursday morning, February 10, at 9:30, in the school cafeteria. Plans will be completed for the February 14th meeting of the Pasadena Council of Parents and Teachers when the Sierra Madre board and school will be hosts to this group for a luncheon served in the cafeteria following the meeting.

Mrs. Frank E. Blauvelt is president of the Pasadena Council and it is expected that nearly 100 members of the group will attend.

Spaghetti's still a low-cost dish...

but even more economical is the Gas to cook it!

GAS COSTS YOU EVEN LESS NOW THAN IN 1939!

One economical way to stretch your food allowance... or prepare a low-cost meal for a group... is to serve a spaghetti dinner. But far more economical, actually, is the gas to cook it. For gas costs you even less today than in 1939!

It's surprising in a way that we have been able to hold down the price of gas while the prices of almost everything we buy have risen again and again. Pipe, meters, shovels or wrenches... all cost substantially more than before the war. We have taken these increasing costs in stride and kept gas your household bargain by 1) serving more gas to more people... 60% more customers than ten years ago... and 2) striving constantly to find new ways to achieve greater efficiency and more economical operation.

So—whether you want to cook the most economical meal possible—or a company dinner with all the trimmings—gas is your dependable, low-cost servant. It's this economy... and superior performance in modern automatic appliances... that makes gas so popular in Southern California for cooking, water heating, house heating and refrigeration.

Passes Away on 58th Wedding Anniversary

Mrs. E. B. Funkhouser of 660 Woodland Drive passed away last Friday at the hospital in Long Beach where she was taken before Christmas. The services were held Tuesday afternoon in the Chapel of Holton & Son Mortuary in the same city.

Mrs. Gracy Vestal Funkhouser was born in Virginia and came with her husband, who survives her, to California many years ago. Mr. Funkhouser was a business man of Long Beach and built a weekend home on Woodland Drive. When he retired 30 years ago they came to Sierra Madre to make their home.

Mrs. Carl Beck of Long Beach is a daughter and there are also three grandchildren and three great-grandchildren.

Mrs. Funkhouser was a member of the Church of Christ in Long Beach and a member of the Canyon Thimble Club. Among the several friends attending the service Tuesday were Rev. and Mrs. Spicer, Mesdames Ethel Burnham, K. Herington and M. K. Ostrom of Sierra Madre.

WOMAN CITED FOR RECKLESS DRIVING

A citation to appear in Police Court next Saturday was issued last Friday, January 28, against Mrs. Ann Lewis, 661 West Orange Grove avenue.

The citation was issued for failure to observe a boulevard stop, driving without an operator's license and reckless driving on Sierra Madre boulevard.

Bldg. Permit Drop Laid to Weather

Building permit totals for January dropped to about half of last year's January totals, according to Building Inspector William Lees.

This month's total was \$46,226, while January of last year totaled \$94,573.

Building Inspector Lees blamed the weather for the low figure. "The rain, snow and cold have kept building way down," he said.

A permit for a \$20,000 dwelling and garage was issued to J. J. Mulvehill at 580 North Hermosa. Also issued were permits of \$7500 for dwelling and garage to James Meagher at 76 Olive avenue; \$8000 for two residences to John Joyner at 642 and 662 Skyland drive; \$8000 for a dwelling and garage to Mr. Hudson at 480 West Highland; \$3500 for a half duplex to John Osgood at 296 Santa Anita Court; \$8000 for a dwelling and garage at 380 E. Grandview to Harold Spears. Fred Osti was issued a permit for \$12000 for a Nursery building at 320 West Sierra Madre boulevard.

MOTHER DROPS CHARGES IN ASSAULT CASE

Charges of assault with a deadly weapon held against Richard Mansfield Merriman, 23, of 153 Santa Anita Court, were dismissed last week in Monrovia Justice Court.

The complainant, Mrs. Gladys Merriman, the defendant's mother, asked the court to dismiss the charges. Bail of \$2500 was returned. He was placed under arrest here January 18.

SEVEN TRAITS IN ALCOHOLICS NOTED

"Alcoholics are emotionally sick people with personality traits which can be recognized by psychologists," says Dr. Morse P. Manson, psychologist and lecturer for University Extension, University of California.

"Seven traits frequently noted in alcoholics are: (1) anxiety, (2) depressive fluctuations, (3) emotional sensitivity, (4) feelings of resentment, (5) failure to complete social objectives, (6) feelings of isolation, and (7) poor interpersonal relations. Female alcoholics appear to have more symptoms of maladjustment than male alcoholics," wrote Dr. Manson in a recent analysis prepared for the Yale University Quarterly Journal of Studies on Alcohol.

"Alcoholics, to a great extent are products of their culture," says Dr. Manson. "Therefore, it is incumbent upon society—science, education, medicine, government, industry, and business—to provide adequate rehabilitation and research facilities to restore the mental health and economic productivity of millions of alcoholic citizens." For University Extension this spring he will conduct a class on Personnel Psychology starting February 7 at the Extension center in downtown Los Angeles.

RUSSIAN ACTIVITIES OBSERVED IN ALASKA

Mrs. Fannie Sea of West Montecito Ave., who spent many years in Fairbanks, Alaska, was especially interested in an article which appeared in the Fairbanks newspaper, "Jessen's Weekly" December 3. It brings Russian activities rather close.

RED JET PLANES NOW PATROL BERING STRAITS SAYS WHALEY

Soviet jet planes are now patrolling the International Date line and Bering Straits. This has been definitely established by observers along the Arctic shore, Frank Whaley, prominent Nome flyer, told Jessen's Weekly. Whaley disclosed this information before leaving Fairbanks.

"In addition to reports given by natives, I saw a Soviet jet on patrol in Bering Straits," Whaley said. "The day I checked out Jim Brooks, CAA operator of Wales in a Piper Cruiser, I saw one of the Russian jets flying north on the Dateline. I saw it circle Big Diomed Island and then streak for the mainland. It was the fastest flying plane I have ever seen," Whaley told Jessen's Weekly.

Whaley confirmed further Russian activities on the Siberian shore. An airport beacon on the mainland opposite St. Lawrence Island is now in regular operation and considerable ship activity is seen along the Arctic Coast.

The natives at Wales and Little Diomed have noticed "listening posts" being built on the eastern side of Big Diomed to watch the Eskimos on the American island. Because of the recent detention of American Eskimos on Big Diomed, tension is mounting along the Arctic Coast.

FIRE FLAMES

Talk about the weather! Hasn't it been great? Even the snow that made it difficult to get the big fire trucks up the grade after a fire call, has left its good mark. The melting of that snow is an assurance of water seeping into the earth. The recent rains have been so gentle that little has run off. (As this is being written, there have been no torrents. It could happen before press time.) To fire fighters, water means much, and for us to listen to the patter of rain, is like listening to sweet music.

Several of our good citizens have been very patient and waited for the proper time to rid their yards of an accumulation of trimmings and such. The rains have provided the time, so those who are anxious to get rid of piles of burnable materials, now is the time. Please get in touch with the fire office before you tackle it. The men at the police and fire stations would like to know when and where the burning is being done. Because of the confusion of the change in arrangements of hauling and the new "smog control," our fair city is suffering untidy streets. For a long time, the streets have been cluttered with trimmings and brush, especially in the Canyon area. Fortunately, the stuff is not so much of a fire hazard as tho' the season was dry. However, it looks like the dicken's.

Eugene Toms was elected to replace Fred Lewis as an active Fire Fighter at last regular meeting. "Gene" is another of the Hawks flock that flocks out of that institution along Montecito Street at the slightest sound of a fog horn. He has been on the Auxiliary list a sufficient length of time to know what to expect from his cohorts. In fact, he is not too bad himself, when it comes to matters not too definitely required. As "one of the boys," he has fit in the channel perfectly as an Auxiliary, and we all feel that we have selected a good man for the job. Fred Lewis has left the region to take up business in the area of Lancaster. We wish Fred great success.

Because we are so proud of our records of the past, we are very anxious that we repeat year after year. In order to do this, it will be necessary to keep dogging at it with the same repetition so that those who are not acquainted may eventually read and abide.

The dry season is not the only time of year that there is fire danger. Winter and the heating of houses follows the dry season hazard. Overheated

Wandalee Thompson Leads Scout Climbers To Echo Mountain

Last Saturday the Mountain Scouts of Troop No. 4, under the leadership of Wandalee Thompson, enjoyed a 12-mile hike. Echo Mountain, of cable car incline fame, was first visited. Then the Castle Canyon trail was taken to Mt. Lowe ruins where ample snow for snowballing was encountered and enjoyed. Return was made over the Sunset Trail. During the day's outing, a history was read relating the early days of the two historic regions visited.

stoves, bad flues, careless lighting of fire places and the many things that cause fire inside the house.

Children must be kept from the open fire. Place screen around the fireplace. Sparks fly from the burning embers. Embers can light in a corner unknown to the household. Later fire starts. You may be in bed. Keep in mind the danger of fire. The start of fires at times sounds ridiculous and until you have experienced the ways that they do, you will hardly believe it possible. Believe us and we'll all profit by carefulness.

County Federation Officers Guests of Woman's Club

Anticipation of Federation Day will become a reality on Wednesday, February 9th when the Sierra Madre Woman's Club will be hostess to at least twenty County and District Presidents of Federated clubs in Los Angeles County, at their regular opening time: 11 o'clock.

Mrs. Joseph C. Wenger, District President, will discuss: "History and Importance of the Federation In Club Life," as Mrs. Wenger is a recognized authority upon this subject, her discussion should prove most illuminating. Mrs. Frank M. Ward, County President, will choose as her topic: "The County's Place In The Federation."

Lee Shippey, fellow-townsmen, will be the luncheon speaker. He will take, "France, Present Day Conditions and Reactions" as his theme. Comparisons will be drawn between post-war France of World War II, and World War I.

At this moment, we must say one word for the lovely, talented girl who made her first public appearance before the Club at their Tea meeting last week, Miss Georgeann Bissell.

Miss Bissell is a pupil of Mrs. Morridge. She chose a most difficult repertoire comprising: "Warsaw Concerto," "Polichelle," by Rachan, "Hopax" by Moussorgsky, and Liszt's "Hungarian Rhapsody No. 2" which well illustrated her facile fingering of intricate passages and concentrative powers.

PSYCHOLOGIST TO ADDRESS WILSON P.T.A. GROUP

The P.T.A. of Wilson Junior High School, Pasadena, will meet at 2 p.m., Wednesday, February 9, in the Visual Education room.

Doctor of Psychology, Jessica Haskell, will address the group on "Guiding the Adolescent in the Process of Growing Up." Dr. Haskell is on the staff of the County Superintendent of Schools, Research and Guidance Division.

Fashion Show and Tea at Mt. Alverno Saturday Afternoon

Elaborate plans are being made by St. Rita's Mothers' Club and Altar Society for the Pat Primo Fashion Show and Tea to be held at the Mother House of the Sisters of St. Francis, Mt. Alverno, Saturday, February 5th at 2 o'clock.

The tea is for the furnishing of St. Rita's Convent which has just been completed on East Alegria.

Professional models of Pat Primo, one of the outstanding designers of the West will model her lovely fashions. This event combined with the opportunity of visiting the beautiful Convent which was copied from a Villa in Italy designed by Michael Angelo, located at 675 West Highland Ave., will attract many. The committee extends a cordial invitation to attend this festivity Saturday.

Kathryn M. Dowding To Wed Saturday

Kathryn Mary Dowding will go to the altar Saturday evening, February 5, to become the bride of James Douglas Hetherington of Altadena. Rites will be held at 8 p.m. in the Monrovia First Presbyterian Church.

Miss Dowding is the daughter of Mr. and Mrs. Herbert S. Dowding, 514 Ramona, and her fiance is the son of Mr. and Mrs. Ralph S. Hetherington of Altadena.

Friday night over 30 friends attended a shower for the bride-to-be given by Mrs. R. S. Hetherington and daughters, Louise and Doris, at their Altadena home.

Nearly all those bidden to a bridal shower in mid-January given for Miss Dowding by Mrs. Jack Rhodes and Miss Joyce Godley, at the home of Mrs. Rhodes' aunt, Mrs. A. H. Embree, 535 North Auburn, were Sierra Madre guests.

Mrs. May E. Gabriel, 280 West Grandview, sold her home and is now living in Forest Hills, Long Island, New York.

M.C.B.—Mrs. Marjorie C. Barter, daughter Zoe, dog Michael, cats Chusa, Buff and Mocho, turtles Mustard Seed and Anonymous, left this week for an extended stay at the Clum Ranch near Indio.

The Barthers plan to spend about six months at the desert ranch before returning to their Sierra Madre home at 675 Orange Drive. The home is being occupied during their absence by Mr. and Mrs. William Wilcox and son, Chan.

PLAN INCREASE

From page one
\$500 which is contributed directly to the Recreation Commission for the vacation and summer programs.

"The total combined budget is, therefore, a total of \$4650. Our understanding is that an additional amount of money, 25 per cent of our total budget of \$4650, or \$1162.50, is available from county funds for extension of our activities on condition that 25 per cent additional hours be provided."

According to the plan, the additional money would be spent for salaries of craft and shop instructors, playground supervisors and two softball coaches. The program would be for summer vacation as well as after-school hours.

After a contract is approved by Allen's office and the County Counsel, the Board of Supervisors must pass on the agreement.

EVERYONE GETS RAP

should be amended so that the inside line of sidewalks be placed at the property line and not three feet away toward the curb as required at present.

He said that the change he recommended conforms to standard practice. The present requirement, he said, places the sidewalk too close to the curb and does not allow property owners enough room to properly slope driveways from the street.

Planning Commission members agreed and wondered how such a requirement got in the ordinance in the first place.

BY MAXINE BALLING

IF YOU'RE EXPECTING A BABY, you know that there are a million things you can buy, some of which you really need, and other things that are nice but not absolutely essential. It can run into an awful lot of money unless you select with care. One thing we try very earnestly to do here at the Balling Baby Shop is to be as helpful as possible to every customer making these layette selections. We can even give you an ESTIMATE on the cost of things you'll need (everything except the doctor and hospital bill, that is), by taking the layette check-list compiled by the makers of famous Curly diapers, and checking quantities and prices opposite the 42 items on the list. If I describe everything on the list it would fill this whole page, so I'll just say that we HAVE WHAT IT TAKES to make baby comfortable and happy. We select the best possible quality merchandise for our stocks, and our prices are right.

IF YOU ARE NOT EXPECTING A BABY, but know someone who is, we have lots of suggestions for GIFTS for babies, at the Balling Baby Shop. For instance, we just received some beautiful, soft, fine wool shawls, hand woven by the people of the hills of West Virginia. They're only \$2.95. We also received some hood shawls from the same people, for 3.95.

QUILTTEX makes beautiful "baby bunnies" with nice long zipper, satin trim and bow, with a white kitten applique. We have them in white, pink or blue, for 3.95. We also have the Quiltex wool blankets for 6.95 and 9.95, and their cotton blankets for 3.95.

ONE THING that will help the new mother as much as anything is a good bathing table. "Bath-a-Babe" has everything. The dressing table top is raised with a foot pedal, so that you can shift little Abercrombie into the tub part without taking one hand off of him, and vice versa, from tub back to dressing table. That "vice versa" part is very important, when he's wet and wiggy. "Bath-a-Babe" is 19.95. "Mina-a-Bath" tables, the smaller ones you can put in a sink or lavatory, are \$5.95.

LOT OF PEOPLE DON'T KNOW IT, but we sell baby BUGGIES at the Balling Baby Shop too. We have the famous Thayer carriage for 39.95. Then there's the "Fold-a-Rolla" stroller business that's nice for trips to the market, 16.95.

IN OTHER WORDS, we have EVERYTHING you can think of for new babies, at the BALLING BABY SHOP... Monrovia 20411.

The Best in Everything For City's Shoppers

This week marks the 13th week in the "Trade at Home" advertising campaign by Sierra Madre merchants.

Each week's page sponsored by these co-operative merchants has brought you a resume of some of the businesses found in your home town along with little personal sketches of the people who serve you in these businesses.

"Trade at Home" means doing it the easy and the most economical way in all reality. For the merchants of Sierra Madre make every effort and do everything possible to have what you want when you want it.

"We Have it or We Will" has been their slogan throughout the campaign, and it is more than a slogan. It is their earnest aim.

Your merchants and businessmen promise you "The Best in Everything"—service, merchandise, courtesy and thoughtfulness.

The advertising campaign carried on in the past weeks has been most successful and gratifying—to both merchants and customers. Many business people call it "the best thing we have ever done."

Many readers have told what great pleasure they have found in getting a personal glimpse of the merchants who serve them. Many have found that the business people pictured are really old friends—coming from the same home town or having attended the same schools.

Your merchants are here to serve you and to be your friends.

"Give me a RING.... sometime"

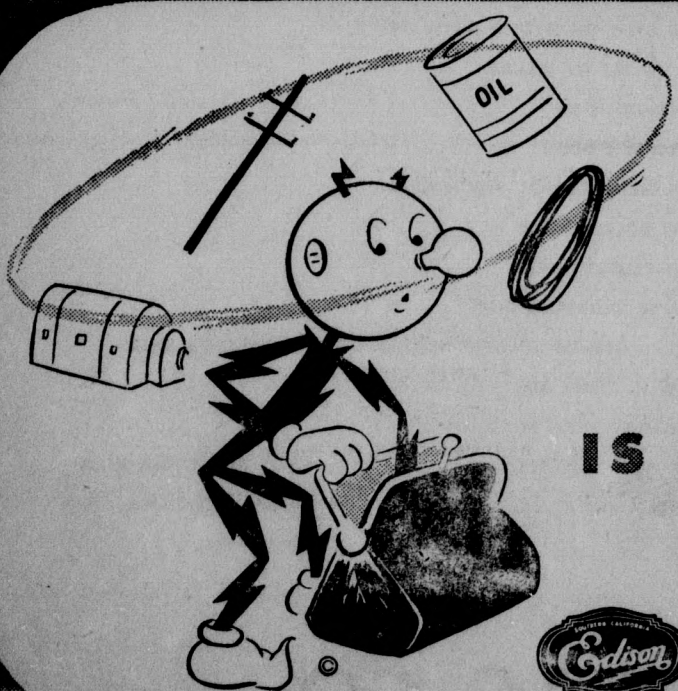

Along with such Americanisms as "Hello, there!"—"What do you know?"—"See you around"—the words of our headline are in constant use by friends who meet on the Main Streets of the Nation.

The expression, "Give me a ring sometime," voices the belief that almost everyone can be reached by telephone—an idea not extravagantly far from fact. America is the most telephonized country in the world—over 14,000,000 new telephones were added to the Nation's total during the past seven years, an increase of nearly 60%.

However, in spite of this remarkable achievement, the Industry has yet some distance to go before every one who wants a telephone can have one and manufacturers and operating companies everywhere, including ourselves, are working hard to take care of all applicants as fast as possible.

JESSIE WARD, A TRUE ARTIST, AND EXCELLENT NURSERYMAN

Mrs. Jessie Ward Russell grew up with a nurseryman and grew up to be a nurseryman. She operates the Ward Nursery at 192 North Mt. Trail.

The Nursery was started in 1906 by Mrs. Russell's father, Irving N. Ward, and Mrs. Russell grew up in the business. She worked with her father and when she married her husband joined the firm.

Ward Nursery specializes in floral work, wreaths and cut flowers, propagating and wholesaling, and shrubbery for the landscape gardener. Mrs. Russell has studied floral designing and has a background of artistic training for the work. She has taught floral designing to many others who have worked for her.

Mrs. Russell is an artist in her own right. She has done many oils of merit even since her high school days—and still does. She is modest about her painting, though, and prefers to let her definite artistry come out through her work with flowers.

The Ward Nursery boasts an outstanding rose garden with more than 600 varieties, and a cut flower lot of more than an acre.

"But the best thing about my business," Mrs. Russell said, "is that I love it. I get a lot of fun out of my business."

STODDART AND GUTHRIE'S SEASIDE STATION FOR ALL CAR SERVICE

William Stoddart and Clyde Guthrie have had the Seaside Service Station and Garage at 345 West Sierra Madre Blvd. for about six years.

They are both excellent mechanics and divide their time in the business between the station and the garage. Stoddart formerly operated a garage on Baldwin and Montecito, and has lived in town for many years. Both men have family homes here.

In addition to the service station and dependable repair department, Stoddart and Guthrie have one of the most complete accessory stores in the valley and the most complete in Sierra Madre. Auto accessories of all kinds, replacement parts, batteries, seat covers and

many other items are available.

They also operate a used car lot, one of the few in the vicinity, where they show dependable, good used cars of all makes.

CLOYD MARSHALL, NURSERYMAN AND PLANT COLLECTOR OF NOTE

As other people collect antiques or paintings, Cloyd Marshall

collects plants, unusual and exotic shrubs, trees and plants from all over the world.

But not only the unusual and exotic find a place in Marshall's Nursery at 147 West Sierra Madre boulevard. All the old favorites and standbys, just about anything called a "plant" is there under the protection of Marshall's "green thumb."

Marshall has really made his business his profession. He went to four colleges, studying various phases of nursery work. He took landscaping at Ohio State and Cincinnati. He got a degree in Floriculture at Ohio State in 1932.

He worked for Rust Nursery in Pasadena for 10 years before entering the Army. When he left the Army about 4 years ago, he went into business here.

Marshall also features garden and patio accessories—barbecue equipment, benches, vases. Marshall will plan and carry through to final small details any kind of garden or planting arrangement, large or small, formal or informal.

READING LISTS SUGGESTED FOR PARENTS

Paper snowflakes and snow trees with turquoise accents, were used to decorate the cafeteria for the January P.T.A. meeting. Decorations were made by Mrs. Leonard's 2nd grade class.

A group of folk songs was given by the 6th grade with Mrs. Elsie S. Higgins, director of music, in charge.

Mrs. K. A. Learned brought a number of representative children's books and passed out book lists.

Mrs. H. E. Haymaker, Parent Education Chairman, made available a group of books from the Sierra Madre Public Library which would be of interest in parent-child reading. She announced that the library plans a separate shelf of books of special interest to parents.

Hits Discord

Accordianist Dick Contino, 18-year-old winner of Horace Heidt's \$5000 nationwide talent contest, is shown in Hollywood after he announced that he wants to be released from his contract with Heidt on the grounds that it turned him into a "slave laborer." To Heidt's charges of ingratitude, Contino reportedly answered that the band leader rushed him into signing a contract he didn't understand.

NEW PONTIAC—R. R. Moore of the R. R. Moore Pontiac Co., 115 E. Foothill Blvd., Monrovia, presents the Pontiac Chieftan line of which the four-door deluxe sedan is shown here has a 120-inch wheelbase. Roof lines have been lowered without sacrifice of comfort. Trailing pattern of the Chieftan series consists of two gracefully arched steps from roof crown to trunk deck to lower edge. Both Pontiac Streamliner and Pontiac Chieftan lines average 38 per cent more glass area.

DO YOU WANT

From page one sunk. He hasn't sold any of it yet, and he will hold it for the city for a while.

City Engineer Howard Brod said that the City Hall, exclusive of property and equipment, was appraised at \$56,711. Vannier said that the land, with 75 feet of frontage, was worth about \$15,000, but Loomis pointed out that Sierra Madre was not what you would call a "hot spot" for income property.

"Cost too much to remodel,"

Commission Member Bayard Bigelow said.

"Would you get us \$75,000?" Vannier asked.

Banker Morgan clapped his hand to his forehead in shock at such a suggestion.

"About \$30,000," said Osgood.

"Only \$20,000," said Loomis.

Well, we'll ask the Council anyway, said the Commission.

The Planners also:

1. Approved the transfer of a small piece of property from Spencer Dennis to F. H. Morehead on Grove street to

straighten out a lot line.

2. Allowed Mrs. H. L. Bussey of 390 Sycamore place to put a kitchen in a garage apartment providing she signed a waiver specifying that no building will be placed on an adjoining vacant lot.

3. Postponed, pending an engineering survey, action on the subdivision petition of E. R. Mitchell at 119 Esperanza who asked to split a lot.

4. Allowed Mrs. J. S. Miller to withdraw her petition for division of property at North Sunnyside and West Laurel after the Commission informed her that she would have to round off a curb to a 20-foot radius in compliance with a subdivision ordinance requirement.

This requirement, the Commission pointed out, is to eliminate "blind corners." The city contends that such a law is enforceable under the subdivision ordinance. Such a requirement is imposed on property owners who wish to divide corner lots although the other three corners of an intersection would remain "square."

"It's a lot of hokey," said Commission Member Johnson.

5. Allowed Mayor Milton Steinberger to divide and sell a portion of property just north of the northwest corner of Auburn avenue and Sierra Madre boulevard, providing the city is given and 18 foot easement for an alley.

6. Told Subdivider John Osgood that he could get a building permit for about 25 small homes in Cypress court after Osgood said he was willing to deed easement for streets to the city.

Osgood said he would have to tear down at least one existing building for the street development but that he would do it for the sake of streets. He pointed to one of the little houses in his tract and said, "I've got a pretty good little house here that I wouldn't want to disturb—it's got a bathroom in it."

Although the Commission suggested that one of the streets be named "Osgood Circle," Osgood said it would probably be called "Richardson Ranch road."

Mrs. de Wright said that Osgood should be given credit for his co-operation.

"Without any pressure on the part of the Planning Commission, John Osgood has voluntarily done a fine thing for the community by eliminating what could become a bad sium condition by substituting a fine development," she said.

7. Let Charles F. Kennedy divide a large lot into two smaller ones with the agreement that he round the curb at the

corner. (Estimated cost for such work: \$100.)

8. Okayed a subdivision sought by Lillian Smith in the Cypress court area.
